Join us putting together a fresh arrangement great for any gift, table arrangement or for the fun of it! Drinks will be provided, but feel free to bring your own as well! The class will be held at 5:30pm and costs only \$35. Prepay to reserve your spot by giving us a call, going to our website, or stopping into the store.

During the month of October, not only will we be having another floral class, but also a pumpkin decorating class. Stay tuned for more information!

## Tis the season to start growing grass... again!

Did you have problems getting grass to grow this summer? Probably too hot. Now that the weather is starting to get a bit cooler, grass seed has a higher germination rate. A good time to start sowing grass seed is around August 15<sup>th</sup>. Stop into our store and pick up some of our customer's favorite grass products. We have everything you need. We carry grass seed for both sunny and shady areas. Straw is a great additive to make sure your seed germinates. We have loose straw mulch and mat straw mulch. Ask one of our greenhouse employees for more information on how to sow seed and be successful at it!

**\*\*\*Fall mums will be arriving mid to late August! Keep an eye out for some of that wonderful fall color we are all craving! \*\*\*\***
